...your doctor. He can help figure out the cause of your new allergy. He may prescribe an allergy medicine like zyrtec... And suggest simple changes... Like wearing a mask when you vacuum. Zyrtec is the #1 prescribed allergy medicine in the u.s. It's approved to treat outdoor allergies, like grass and tree pollen, and indoor allergies, like dust and pet dander. Zyrtec's most common side effects in adults... Are tiredness, drowsiness and dry mouth. Lots of allergies. Just one zyrtec. It out. - (Ppy endi cc Good morning. I'm sally schulze. Let's get you an update on the breaking news story ...
